close cooperation with the Association of medical faculties (of the associated universities)

University hospitals belong to „Bundesländer“ / states

VUD represents the interests of the university hospitals at the national level

financial and regulatory frameworks for hospitals are defined at the national level
The Association II

Internal Tasks

• The VUD strengthens collaboration and exchange between AMCs by organizing standing committees on various topics, ranging from financial issues to human resources to quality management and IT.

• The association also provides a wide range of benchmarking services for its members.

External Tasks

• The VUD advocates its members’ interests in public as well as in the legislative process on the state, federal and European level.

• Ensures a unified stance vis-à-vis further stakeholders within the self-government of the German health care system (other hospitals, health insurance funds etc.).

• Only the 35 German AMC are allowed to use the brand name “Die Deutschen Universitätsklinika”.

• The brand is a seal of quality. The similarities of all AMC are highlighted in the communication for the brand.
• Founded in 2008 as an umbrella association for VUD and MFT (Association of Faculties of Medicine)

• Reflects the growing importance of an integrated approach to the tripartite mission of research, teaching and education.

• Growing number of AMCs that organize themselves as an integrated model (merger of faculty and hospital within one legal entity.)
